I'm a fan of radio-controlled sailboats. I have seen many racing yacht designs that I like, and I would build a boat R / C of 1 meter with a hull based on a famous boat. But someone told me that this does not work, you can not scale a hull that way it will not work, that in order to scale down the boat would sail in a much more dense than water.

### **Radio controlled sailboats | Boat Design Net**

To mimic this on a radio controlled boat is sure to disappoint in terms of performance, so avoid the vessel all together or side-step the design with a more traditional layout where the rudder is behind the propeller.
